Introduction

Crafted entirely in-house at our distinguished factory in Northampton, England, the Trigger Plate range upholds Longthorne's legacy of precision and ingenuity. At its core lies our proprietary patented billet machined barrel, a testament to our commitment to innovation. This exceptional design guarantees a remarkable balance between low felt recoil and an exceptional strength-to-weight ratio, creating a shooting experience that is both comfortable and powerful.

Standard features include Longthorne multi chokes, offering adaptability for diverse shooting scenarios, and flat ribbed 28"- 32" barrels that ensure a balance of performance and manoeuvrability, we also have several non-standard options available.

Furthermore, the Trigger Plate models offer an selection of stocks. Our barrels can be expertly crafted from steel or titanium, offering the choice between traditional resilience and the lightweight advantage of modern materials. Complementing this versatility, our array of stock and forend options allows you to find the perfect fit for your shooting style and comfort.

Mission Statement

Bringing a world of possibilities to reality

Here at Longthorne, we recognize the value of individual expression. With our in-house designer, Chloe Stewart, we offer the unique opportunity to collaborate directly with customers. Chloe's expertise and artistry seamlessly translates your design requests into reality, ensuring that your firearm stands as a true reflection of your vision and preferences.

With every Trigger Plate model, you're not just acquiring a firearm; you're obtaining a piece of British craftsmanship that reflects our devotion to quality, innovation, and personalization. From Northampton's heart to your hands, our Trigger Plate range exemplifies Longthorne's unwavering pursuit of superior performance, individualized satisfaction, and the art of bespoke firearm design.

Valiant

3006

The concept for the Longthorne Valiant model, available in silver or gold colour, was sparked by a customer whose passion for heritage and national pride ignited a unique vision. With a deep sense of patriotism, this customer envisioned a firearm that not only captured the essence of Longthorne's craftsmanship but also paid homage to the storied history of the Union Jack. The result is the Valiant model, a truly remarkable embodiment of this inspiration. Just as the Union Jack stands for unity, pride, and the strength of a nation, the Valiant model stands as a testament to the enduring connection between craftsmanship, heritage, and the art of firearm design.

Vitality

3002

The Longthorne Vitality model embodies a striking fusion of tradition and modernity, where classic inspiration meets contemporary innovation. This firearm showcases an intricate modern scroll design that draws upon the timeless beauty of traditional roses and scrolls, yet with a fresh and captivating twist. The flowing patterns intertwine seamlessly, creating an aesthetic tapestry that pays homage to heritage while embracing the present. The nitrided steel finish of the Vitality model enhances its allure, casting a light gunmetal grey hue that evokes both strength and sophistication. This colour palette further accentuates the firearm's balance between old and new, offering a refined and harmonious contrast against the intricate scrollwork. The result is a piece that stands as a true work of art, a marriage of artistic heritage and contemporary craftsmanship.

Valorous

2009

Enveloped within this intricate scrollwork, the commanding presence of the Galanthus flora takes centre stage. The Galanthus, with its exquisite beauty, emerges as the embodiment of strength and finesse through expert craftsmanship. Every petal and stem, meticulously etched into the firearm, captures the untamed essence of nature. Enhancing its charisma, the Valorous model unveils a gunmetal grey finish, infusing a modern charisma into its timeless charm. This bold hue perfectly accentuates the detailed engraving and the organic motifs, culminating in a seamless fusion of age-old tradition and contemporary allure.

Viscount

2010

As you hold the Longthorne Viscount model, you're not just holding a firearm; you're stepping into the world of refined extravagance that the regency era encapsulated. The regency-style scrollwork is an invitation to embrace the lavish and intricate designs that once adorned the possessions of nobility and discerning individuals. The Viscount model brings this era to life, allowing you to experience the elegance and splendour of a time gone by with every shot you take. It's a model that captures the spirit of regency, infusing each detail with the legacy of opulence and beauty.

Valkyrie

2011

The Valkyrie model's floral design is a symphony of flowing lines and delicate details that intertwine, evoking the spirit of Sir William Morris's artistic legacy. Each element is meticulously crafted, inviting you to explore the patterns and discover the stories they tell. This design is a celebration of the beauty found in nature's smallest features, translated onto a canvas that is both functional and enchanting.

The choice of black or silver finish further enhances the Valkyrie model's allure. Whether you opt for the dignified black or the sleek silver, both options serve as a backdrop for the delicate floral design to shine. Additionally, for those who seek the pinnacle of elegance, the Valkyrie 'X' model boasts inlaid gold flowers, elevating the experience to one of unparalleled luxury and visual splendour.

Longthorne Titanium

At Longthorne, our commitment to pushing boundaries and delivering the pinnacle of firearm performance has led us to introduce a remarkable innovation: the addition of titanium barrels to any model in our esteemed collection. The benefits of titanium barrels are as exceptional as they are groundbreaking. Through cutting-edge technology and pioneering craftsmanship, we have harnessed the unique properties of titanium to create barrels that are not only incredibly lightweight but also offer enhanced durability, corrosion resistance, and exceptional heat dispersion.

What truly sets Longthorne apart is that we are the sole company in the world crafting fully machined titanium shotgun barrels, showcasing our unwavering dedication to pushing the limits of what's possible. This groundbreaking endeavour is a testament to our passion for innovation, where we combine traditional artistry with modern science to create firearms that redefine the shooting experience. When you choose Longthorne with titanium barrels, you're not just acquiring a firearm; you're embracing the future of shooting technology, where excellence and innovation come together to shape an unparalleled shooting journey.
